

# Why Trends?

## Quick Turnaround

We understand the importance of delivering exceptional quality without compromising on affordability or efficiency. Our processes developed for the Trends collection ensures quick turnaround times, allowing you to enjoy your new cabinetry sooner without sacrifice.

## Your Vision, Your Choice!

Trends is a full overlay framed cabinetry line that redefines luxury and functionality. With our commitment to excellence, Trends completes the circle providing a true traditional style of cabinets to select from while Advantage and Designer maintain their European frameless focus.

## Outstanding Value

We pride ourselves on providing professional service and attention to detail at every step of the way as needed. This, combined with the centralized location of our main production plant, allows us to offer a lower embedded shipping cost, which we pass along to you.

## Uniquely Accessible

Whether you prefer the classic elegance of framed cabinets or the sleek, modern look of frameless designs, Adornus has got you covered. With the addition of the Trends Collection, all preferences are in your control. Tailor your your space and transcend limits along side us!

### The Traditional & Contemporary Aesthetic

Using full overlay doors that cover the entire framed face of the cabinet provides a clean seamless and sleek appearance. This design combination additionally creates a traditional and contemporary look that is both elegant and timeless. Select from eight door finishes options to customize your space.

### Unique, Clean, & Simplistic

With clean lines, create a traditional space that is both refined and inviting, where every detail contributes to a sense of perfect balance.

### Cabinet Construction

The Trends cabinet design provides exceptional stability to the cabinet structure via the frame, reducing the risk of warping or over time. Rest assured these cabinets will maintain their integrity & timeless appearance for years to come.

Like all framed cabinets, Trend excels in kitchens that have plentiful amounts of external space and interior storage will never be a concern.
